2025 Summer Programming Important Dates & Reminders

Reminder: If your child participates in the Wood County Board of Education extended school year sessions, please remind his/her teachers and aides that they also participate in The Arc's Summer Day Program so they can be given slots in the morning. It is *imperative* that they are aware of this before the extended school year schedule is determined for your child, because if they are given afternoon slots, your child won't have the opportunity to participate in our swimming or other community activities and field trips.
